## **DETAILED ACTION**

### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Claims 1, 3, 4, 5, 6, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims.

As to claim 1, the prior art of record does not disclose expressly calculating transmission time points of RSIMs to the air; queuing the stored RSIMs in an order of transmission based on the calculated transmission time points with reference to a current time point; comparing the current time point with the transmission time point of the RSIM to be transmitted earliest in the queued RSIMs at preset time intervals; and transmitting the RSIMs to the air if the current time point and the transmission time point of the RSIM are the same as a result of the comparison. As to claim 4, the prior art of record does not teach calculating transmission time points of the RSIMs to the air, and forming a queue of the RSIMs based on the calculated transmission time point of the RSIMs according to a set queuing algorithm; transmitting the RSIM to the air when the transmission time point of the RSIM, the selected first element, is the same as the current time point. As to claim 13, the prior art of record does not disclose expressly a control part of calculating transmission time points of RSIMs to the air, and forming a queue of the stored RSIMs in an order from the earliest transmission to the air based on the calculated transmission time points; a comparing part for comparing the current time point to the transmission time point of the RSIM to be transmitted at the earliest among the queue of the RSIMs at preset intervals

Art Unit: 2616

under the control of a control signal; and a second signal processing part for processing the RSIM to be transmitted to the air according to a result of the comparison.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
